Your Go-to Data Analytics Modernization Partner

Experts in executing end-to-end data platform development

Keyrus has over 20 years of experience in the data and analytics space. During this time, we've always worked with the best-in-class tools and products, which is why AWS was chosen as the Cloud platform of choice for our Modern Data Platform solution. As the leader in cloud for more than ten years, AWS has provided Keyrus with the ability to become agile and flexible with our customers while providing the best infrastructure, security, and governance.

Partner Highlights

- AWS Delivery Practice is led by a former Amazonian - one of the first AWS Enterprise Solution Architects in NYC.
- Our Leadership Principles:
 - Customer Obsession
 - Hire and train the best
- Offshore, Near-shore flexible engagement models
